1/8 Vertical	2.375" x 5.625"
2-Page Spread	21.25" x 11.5"

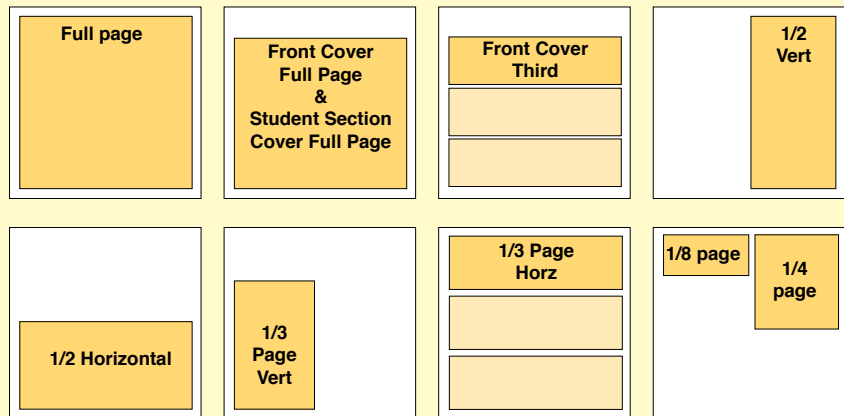

ELECTRONIC MATERIAL

PC FILE FORMAT: The Trucker is produced in Adobe InDesign CS2. We can also accept ads in Illustrator CS2 or Photoshop CS2, with all fonts & supporting graphics. Graphics: Photos and color graphics should be formatted as CMYK color, 300 dpi, to reproduced size. Line art should be formatted at 1200 dpi, to size. We get the best results with TIFF or EPS files. Art and photographs should be adjusted for SWOP-Newsprint reproduction. Black Point/White Point Photoshop settings for grayscale photos should be Highlights@4%, Shadows@80%. Total ink coverage should not exceed 260%. Small type reverses or large areas of dark background color do not reproduce well on newsprint. If you have questions about the reproduction of graphics in your ad, please feel free to call. Please supply ALL postscript font files and screen bitmaps used in preparing the ad. Media: CD or DVD Disk. Please supply a color proof for uploading reference and press checking; an inkjet print is acceptable. E-Mail: You may compress the files into a ZIP-IT compatible archive or archives and send as an email attachment to: production@thetrucker.com If more than one archive file is needed, please attach each to a separate e-mail message. Also, please fax a copy of the ad so we can check that all elements are present.
